Summary

Keen interest in the Quality Assurance field and testing, Android Development, as well as in Electronics, Networking and Hardware. Always eager to learn more about everything I use.

3 Self-sought Internships within the Quality Assurance field carried out during the course of my BSc. Studies, and Part-time work (20-hours/week) during my Final Year of College.

2020 GitHub Arctic Code Vault Contributor and Open Source Code Advocate

Experience

Junior QA Engineer
Oneview Healthcare
Jun 2020 - Present (8 months +)

Tech Demonstrator
CoderDojo
Jan 2018 - Present (3 years 1 month +)
CoderDojo is a global movement of free, volunteer-led, community based programming clubs for young people. At a Dojo, young people, between 7 and 17, learn how to code, develop websites, apps, programs, games and explore technology in an informal and creative environment. In addition to learning to code attendees meet like minded people and are exposed to the possibilities of technology.

Junior QA Engineer (Part-time)
Oneview Healthcare
Sep 2019 - Jun 2020 (10 months)

Quality Assurance Intern
Oneview Healthcare
Jun 2019 - Aug 2019 (3 months)
Oneview Healthcare is a young, energetic and entrepreneurial organization with a passion for innovation, simplicity and patient engagement. Our journey has taken us to all corners of the globe where we have collaborated with hospital managers, IT specialists, caregivers and, most importantly, patients. This has led us to develop the most innovative patient engagement solution on the market today, the Oneview Healthcare Solution.

We proudly operate from offices in Dublin, Dubai, Chicago, Sydney and Melbourne. Our experience delivering culturally diverse solutions to customers on four continents enables us to share insights and

ideas across international boundaries. Global diversity is part of what keeps Oneview Healthcare at the cutting-edge of technological advancements in patient engagement.

Quality Assurance Intern
Oneview Healthcare

May 2018 - Aug 2018 (4 months)

Tech Demonstrator
CS Sparks

Nov 2017 - Dec 2017 (2 months)

Helped out with the 4 sessions, where we taught basic principles of computer science to Transition Year Girls from local schools around Dublin.

Support, Mobile App Testing and Aid Developer for Android Application
Wyscout

May 2017 - Aug 2017 (4 months)

I contributed to testing the online platform, and the app for mobile devices (iOS and Android), on both physical and emulated devices.

Furthermore, I contributed to the development of the Android app with various suggestions to improve the performance and usability of the latter.

Ho testato la piattaforma online, e ho aiutato con il testing dell'App per dispositivi mobili Android e iOS (sia emulati che fisici).

Ho inoltre contribuito allo sviluppo dell'applicazione Android con vari suggerimenti per migliorare performance e usabilitá della stessa.

Volunteer Work
Astronomy Ireland

Oct 2016 - Nov 2016 (2 months)

I provided IT aid for the group Astronomy Ireland in their Headquarters in Blanchardstown, Co. Dublin.
- Hardware repairs
- Set up of small infrastructures

Repair Technician

Smartspot Limited

Oct 2014 - Mar 2015 (6 months)

Helped out voluntarily once a week for approx one year. I repaired Apple and other brand products, such as phones and laptops.
